Six Companies Open their Doors for Logistics Day 2015

Written by [Chronicle.lu](#)

The Cluster for Logistics in Luxembourg has announced that the Logistics Day 2015 is being held on 16 April 2015 and will focus on the issue of Supply Chain.

Logistics is everywhere and encompasses more than just transporting goods. To better explain the complexity of the international supply chain and the role of various logistics players, many logistics companies open their doors to allow a look behind the scenes at the European Logistics on Logistics Day: CFL multimodal, No-Nail Boxes / Alipa, Arthur Welter, Cargolux, LuxairCargo and IEE will present their assets and activities to the public.

This "Open Doors Day" allows those interested to see behind the scenes of major logistics and industrial groups. The Easter holidays will allow families interested participating to do so.

Places are limited and registration is mandatory but free of charge. Registration is possible via www.tag-der-logistik.de/veranstaltungen/ or by email: info@clusterforlogistics.lu.

For more information see www.clusterforlogistics.lu or tel: 423939-848.
